NEWSELA

Newsela 

Newsela provides daily news articles for students, written at five different levels of text complexity. Students can keep up with current events in science, sports and more at their reading level, and even take quizzes and answer open-ended questions for their teachers. Premium tools include reporting and progress-tracking features for teachers.

# Fluency Tutor

Fluency Tutor lets students practice reading aloud with almost any content they want, and makes it easy for their busy teachers to track their progress through the school year. Teachers can choose from almost 500 passages of various levels and content, or let their students create reading passages from anything they want to read on the web with the click of a button. Students can record themselves reading, and teachers can listen and easily give scores and feedback.

# Read&Write

Read&Write provides free text to speech that students can easily access whether they're reading Google Docs in their Google Drive, or browsing the web. With this Chrome extension installed, students just click the Read&Write icon wherever they are, and can hear text read aloud with high quality voices and dual colored highlighting. Premium access allows them to use several other literacy tools to help them understand and interact with the text they're reading.
